

About Hardeep Singh, Owner

Summary

I am accomplished self-motivated mechanical manager with over 25 year experience. I was interested in machines since my childhood. My father Shri Harbhajan Singh was a mechanical engineer in the Indian Air Force. My father and I used to maintain and service our car and scooter by own. I started working in the mechanical department with his inspiration.

I worked with an established construction company “Kanwar Enterprises Pvt. Ltd.” since 1996 to 2015. I was handling all work from managing to maintenance of Heavy Earthmoving Machines, Hydraulic Rock Breakers, Hot-Mix Plants, Batching Plants and other equipments need.

As a Sr. Manager I was direct responsible for operation and maintenance of every part of equipment working in project assigned to me. I was always appreciated for my proficiency in rebuilding, maintaining , troubleshooting & commissioning of Hydraulic Rock-breakers, Heavy earthmoving equipments & their attachments. Responsible for complete refurbishment and Logistic of heavy earth moving equipment, road construction machinery and material handling equipment. It was also my job to decide whether to buy or rent a new machine to complete the projects on time.

I work diligently to provide excellence in all my professional and have earned a reputation for my problem solving capacity, integrity, initiative and result driven work ethics.

Rise of Rajahardeep Equipments (2016)

During my job at KEPL, I got good experience in construction equipment purchase & service and also had build a good relationships with owners/ companies of construction machines/ equipments. This helped me to start my own company in year 2016 named “Rajahardeep Equipments”. We always import machines/equipments from companies who are known for their quality. I personally visit the seller company’s office/warehouse and inspect equipments/ attachments before purchase/ shipping to India. My moto is to completely satisfy my customers with best prices, quality, timely delivery of equipments and also provide after sales service to keep our customers 100% satisfy.
